Specifications

Item: Short Course

Item No.: 12428

Scale: 1/12

Max. Speed: 50km/h

Net Weight: 1435g

Motor: 540 Brushed Motor

Frequency: 2.4G

Battery Controller:4*1.5V AA (NOT INCLUDED)

Battery Required (For Car):7.4V 1500mAh Li Battery

Running Time: About 10 mins

Charging Time: About 3 hours

Control Range: Around 100m

Car Size: 42*24.5*18cm

Package Size: 54*27*22.5cm

Function:Left/Right,Forward /Backward/LED Light

Package Content

- 1 X [Car](#)
- 1 X Remote Control
- 1 X Battery
- 1 X Charger
- 1 X Tool
- 1 X Manual
