ROVOSPY QUICK START GUIDE

- 1 Download the Rovospy App (available from the Google Play Store for Android devices or the App Store for iPhone) and install the App on your device.
- 2 Slide the battery cover (marked 'on/off') onto the battery compartment (marked 'battery') on the top of the robot. The battery cover will automatically connect the battery and your device to the App's Wi-Fi.
- 3 Open the Rovospy App. The device will connect and you will see 'ROVOSPY' on your device's screen.
You are now ready for ALL-TERRAIN SURVEILLANCE
