## Specifications

- \*Item type: Quad-copter
- \*Color: red/green/black optional
- \*Controller mode: Mode 2 (left stick throttle)
- \*Channels: 4 Channels
- \*Remote control frequency: 2.4GHz
- \*Remote distance: Approximated 100m.
- \*Gyroscope: Six axis
- \*Suitable ages: Above 14 Years old
- \*Battery capacity: 3.7V 650mAh Li-po battery
- \*Battery size: 42\* 30 \* 9mm
- \*Camera pixel: 2.0MP
- \*Charging time: Approximated 60minutes
- \*Working time: Approximated 6-8 minutes
- \*Battery of remote controller: 4 \* AA batteries (not included)
- \*Mobile phone ( for FPV clip) width: 54-80mm
- \*Item dimensions: 20 \* 20 \* 4.9cm
- \*Item weight: 112g

## Package Content

- 1 \* HongTai F802C quadcopter
- 1 \* 2.4G Transmitter (mode 2)
- 1 \* Mobile phone holder
- 1 \* 3.7V 650mAh Li-Po battery
- 1 \* USB charger
- 4 \* Propeller guard
- 4 \* Spared propeller
- 1 \* Screwdriver
- 1 \* Hexagon wrench
- 1 \* English Manual
