

Highlights

This is the Airsoft 1/16 German Panther G class smoking RC battle tank. This RC Airsoft Tank comes with a built-in smoke generator and produces an analog electric motor start-up sound, engine sound, machine gun sound, and the sound of shells. This is nearly two feet long! This tank is a multi-faceted driving fully functional (and it's fast!), 360 degree rotating turret and barrel raised and lowered. Concerning this tank best part is that it's a remote air gun tank. We have an awesome range of over 80 feet, which can accommodate 40, its strength plastic 6 mm BB, and it even has a powerful next red warning light to illuminate the barrel before it triggers.

Prominent German Panther G class features:

Maximum side turning angel turret (left / right) to about 320 degrees

Maximum vertical turning angel of gun (up / down) to about 30 degrees

Maximum climbing gradient (changeable on different road) approximately 35 degrees

Function: forward high-speed forward, backward, high speed backward and spin

Free to change the frequency any frequency, as long as you like, multi-player and tanks are allowed

Full scale R / C function analog motor startup chime

Smoking reality function supper chassis (Please read the manual!)

Realistic suspension system

High-strength metal wheel and crawler

Airsoft BB bullet shooting

Adjustable engine sound, machine guns, artillery sound effect simulate motion

Technical Specifications

- Brand NEW, In Original Package
- Full Set Body Coated with Army Grey Paint
- Max Firing Range of 25 meter
- Equipped with Motor Airsoft Gun
- 320 degrees Turret Rotation
- Main Cannon can be moved up and down
- Movements: Forward, Backward and Spin
- 3 Frequencies 9 Band Changeable
- Tank Fighting Possible - More than one tank can be run at the same time
- Running Time as long as 60 minutes
- Holds up to 40 BB bullets
- Top Speed: 12-15mph
- Dimensions: 18"L x 9"W x 8"H

Package Content

- 7.2V 1700mAH rechargeable battery pack for the tank
- Battery charger
- Remote Controller (powered by AA batteries but AA batteries are NOT INCLUDED)
- 1 box of 250 ct Balls included
- Instruction manual
