

Highlight

Use EVA to provide its water-proof body to work in the water

390 Brushed motor achieve its high-speed to be 30km / h.

High differential to do brave & drift action

With block dust film to protect structure, extend its lifetime

Power capacity to pass over 45 ° obstacle easily.

Flexible engine achieve different speed freely.

Specification

Battery: 7.4V 2000MAH Li-poly battery pack included

Speed: About 30km / h

Charging time: 4 hours

Operating time: around 15 minutes

Remote control distance: over 80m

Suitable battery for Transmitter: 3 x "AA" battery not included

Two Colors Optional

Blue

Orange
